

Toppan Photomasks Receives Supplier Excellence Award from Texas Instruments

Round Rock, Texas, April 15, 2019 – Toppan Photomasks, Inc. announced today that it has received the 2018 Supplier Excellence Award from Texas Instruments (TI). The award recognizes the exceptional commitment and performance of an elite group that meets TI’s high standards of excellence from its more than 11,000 suppliers.

“To achieve this honor, Toppan Photomasks, Inc. demonstrated throughout 2018 its commitment to the highest level of ethical behavior, as well as exceptional performance in the areas of cost, environmental and social responsibility, technology, responsiveness, assurance of supply and quality,” said Rob Simpson, Vice President of TI Worldwide Procurement and Logistics. “Our customers depend on us to help them innovate and get to market first, so we drive toward exceptional quality and flawless execution to get them the differentiated products, software and support they need. We look to Toppan Photomasks, Inc. to help us serve our customers and achieve our priorities through outstanding quality, innovation, execution and performance.”

“On behalf of the Toppan photomask group, we are honored to receive this award from Texas Instruments for the fourth time in the past eight years,” said Michael Hadsell, CEO of Toppan Photomasks, Inc. “Being engaged with an innovation and technology leader in the global semiconductor industry such as TI helps drive all of Toppan’s products, including our photomasks, FC-BGA packaging substrates, display components and design services to provide superior quality and value. We appreciate this recognition and will continually strive to improve and perform in an exceptional fashion for our customers.”
